1) The tempo is for reference only. In actual performance, it is recommended to divide the piece into group of two measures, and starting each group from slow to fast, and go back to slow.

2) A G2 note is missing but impossible for most people to catch. It is recommended to focus on the voicing D4-Eb4-E4 in the left hand. In the same measure, at the beat 3, some notes may be lacking but again unplayable.

3) The first A4 and the D4 in the left hand may belong to the second voice in the right hand. The same may be true for B4 and C#4 in measure 16.
